WHO WE ARE?

Potter County Human Services is a coordinated, comprehensive human services system that operates under a single administrative, fiscal and program structure. We offer a wide spectrum of assistance to residents of the county.

Our Mission

Our Mission is to provide supportive services to increase skills and income of the participants, and achieve greater self-determination in order to obtain and maintain permanent affordable housing.

WHAT WE DO?

The Transitional Housing program is designed to assist homeless Potter County residents. We offer services to facilitate the movement of homeless individuals and families to permanent housing.

Participants will receive training and instruction in order to learn the skills necessary to become and remain good tenants.

Case Management and other supports (food, shelter, utility assistance, emergency shelter and medical transportation) will be provided to participants through existing PCHS programs.

WHO WE HELP?

The Mental Health Housing Specialist will provide housing information and make referrals for Potter County residents that find themselves in a housing crisis situation even if they are not eligible for the Potter County Transitional Housing Program. Safe, affordable housing for the people is the ultimate goal!

Our Vision

Safe, decent, affordable housing is an achievable goal for all individuals struggling with homelessness.
